Assembly Instructions

Important Before You Start

DO NOT fully tighten the bolts until all parts have been assembled

- Assembly is easier with **two people** — one to hold the parts while the other inserts the fixings
- Please separate all bolts, washers and nuts by size before starting

Tools Required

- Screwdriver
- Socket wrench
- Spanner (supplied)

Step-by-Step Assembly

1. Assemble the Legs

Attach the **Legs (G)** to the **Bottom Bowl (F2)** using the preassembled:

- Bolts
- Washers
- Lock Washers
- Nuts

2. Assemble the Top Bowl

Attach the **Top Bowl (F1)** to the **Bottom Bowl (F2)** using:

- 3 × Connection Plates (K)
- 6 × M6 x 20mm Bolts (T2)
- Washers (U)
- Lock Washers (X)
- Nuts (V)

3. Attach the Main Flue

Attach the **Main Flue (D)** to the **Top Bowl (F1)** using:

- Lock Washers (X)
- 3 × M6 x 30mm Bolts (T1)
- Nuts (V)
- Washers (U)

4. Attach the Top Flue

Attach the **Top Flue (C)** to the **Main Flue (D)** using:

- 3 × M6 x 15mm Bolts (T3)
- Washers (U)
- Lock Washers (X)
- Nuts (V)

5. Fit the Side Handles

Attach the **Side Handles (H)** to the **Top Bowl (F1)** by screwing the preassembled bolts from the inside of the bowl:

- Large washer positioned outside the bowl
- Small washer positioned inside the bowl

Screw directly into the threaded holes on the handles.

6. Fit the Mesh Door & Hook

Attach the **Mesh Door Hook (J)** to the left-hand side of the **Top Bowl (F1)** using the preassembled bolts and nuts.

Then attach the **Mesh Spark Guard Door (E)** to the right-hand side of the **Top Bowl (F1)** using the preassembled:

- Bolts
- Washers
- Lock Washers
- Nuts

7. Install the BBQ Grill Bracket

Attach the **BBQ Grill Hinge Bracket (I)** to the inside left of the **Bottom Bowl** using the preassembled:

- Bolts
- Washers
- Lock Washers
- Nuts

The **Pin BBQ Grill (L)** is used to secure the BBQ Grill.

*Please note: The BBQ Grill is **not supplied** but is available separately from The Bijou Stove Company.*

8. Fit the Flue Grill & Rain Lid

Place the:

Flue Grill (B) and
Rain Lid (A)

onto the **Top Flue (C)**.

Final Step

Once all parts are assembled:

- Check all fixings carefully
- Tighten all bolts and nuts securely

Important

DO NOT over-tighten the fixings
